

Dreadlock Pussy, Ever Decreasing Circles

Fear me
I am your shadow, multiplied
I let out what you always tried to hide
No respect, no holding back
You'll be lucky to GET AWAY ALIVE

EYES-WIDE-ALL-RISE

I don't care
Don't bleed on the floor
You really thought it would be that easy to put on hold?
I warned you not to cross me
But with all my means, if you can get up, off you go
I don't care
But don't rip me off
I'll go all the way back to get my bit
And if that means comin' over
To blow you face off?
So-be-it

[chorus]
All rise who haven't seen enough
Eyes wide you'll want to see it all

Go down,
How many more now?
How many boundaries broken?
How many more now?
How many yet to get smashed in?

I don't care
And I don't like your face
Your kind should just stay locked in
You know you had it coming
Serves you right you and your stupid grin
I don't care
Cut me off and you're dead
I'm king of the road watch me corner you
I can't tolerate this disrespect
My friend, IT'S BULLETS FOR YOU

EYES ' WIDE ' ALL ' RISE

[chorus]

When I call you out,
When I burn these books,
When I drug your boy,
When I shot up a car,
When I rape this girl,
When I maim my spouse,
When I sell my child,
When I break your laws
(what do you do?)

You pass by and do nothing at all
See not, hear not, fear not, WALK
Glad it's not you got offed
It's not your fault that society's warped
You scoff and say it's all going down
'What's world coming to?' I hear you shout
Hypocrites come out and do your frown
You practised enough to get it locked down by now

[chorus]

Go down,
How many more now?
How many boundaries broken?
How many more now?
How many yet to get smashed in?
