

# Dream Child, Eternal Flight

The future of earth has ceased  
to exist, To exist.  
Destruction has come, we're on the  
judgement day, the judgement day.  
Based in our starship we watch the  
disaster, The disaster.  
Sons of the earth there'll be no morning  
after, Morning after.  
We stand alone, you know,  
There's no return, return, return!!!

Like children of the stars,  
We carry on, to the unknown.  
A journey without end,  
What will future send ?

We must avoid the panic in ourselves,  
The moral must be kept high !  
To find a place in this vast universe,  
Unknown worlds to be seen !  
We'll reach for the sky at the  
speed of light,  
Faster and faster we go!  
As a phoenix we'll be kissing the sky,  
Higher and higher!

[Bridge]  
[Pre Chorus]

Eternal flight!  
When we will reach the end, now  
Eternal flight!  
Can someone tell us where's our aim!!?

We have escaped, the prophecy.  
Was it our destiny?  
We'll never surrender,  
We'll overcome this nightmare!  
We're stellar riders,  
Travelling to nowhere!

[Bridge]  
[Pre-Chorus]  
[Chorus]  
Ooh, Yeah!!!  
[Chorus, two times]

Can someone tell us?
