

Dream, I Don't Like Anyone

I don't like anyone but you...

Nikki says, we're all downtown
What's my problem I don't wanna socialize
Why don't they leave me alone...
Bad boys, jealous girls
Been there, done that, I just wanna fantasize
(Ah, ah, ah, ah, ah, ah, ah, ah...)
Starring at the ceiling thinking 'bout you
(Ah, ah, ah, ah, ah, ah, ah, ah...)
It's a freaky feeling, what can I do...

[Chorus:]

I don't like anyone, the way I like you
I don't go anywhere, if you're not there too
It's not as if I'm hard to please
You're the only one good enough for me
Those others just won't do
I don't like anyone but you

Anyone but you...

Oh yeah, they think I'm a little obsessed
Up here sending mental telepathy
I'm concentrating on you...
I want to give you everything
But if I do, will you think the less of me
(Ah, ah, ah, ah, ah, ah, ah, ah...)
Everybody else, just wasting my time
(Ah, ah, ah, ah, ah, ah, ah, ah...)
Baby can't you tell, we're two of a kind

[Chorus:]

I don't like anyone, the way I like you
I don't go anywhere, if you're not there too
It's not as if I'm hard to please
You're the only one good enough for me
Those others just won't do
I don't like anyone (anyone but you...)

(Now, now, now, now, now, now, now, now)
(Thinking 'bout you) starring at the ceiling thinking 'bout you
(What can I do) it's a freaky feeling, what can I do...

I don't like anyone (I don't like anyone)
I don't go anywhere (yea, yea, yea, yea, yeah)
I don't like anyone (good enough for me baby)
I don't go anywhere (no, no, no, no)

It's not as if I'm hard to please
You're the only one good enough for me
Those others just won't do
I don't like anyone but you (but you...)

[Chorus:]

I don't like anyone, the way I like you
I don't go anywhere, if you're not there too
It's not as if I'm hard to please
You're the only one good enough for me
Those others just won't do
I don't like anyone but you...
