

Dream Street, I Miss You (New Version)

Although you're so many miles away from me I just want you to know
I will never forget you

Sitting here in my room alone
I got the radio on
And it's playing our song
I keep your picture beside my bed
And as I hold it so close
I keep hearing you saying
I love you
And where ever I am
I'm thinking of you
So until you come back to me

I'll send my love to you straight from the heart
Baby I miss you, baby I miss you
I feel your so near though we're so far apart
Baby I miss you, baby I miss you

Tears like rain falling from my eyes
As we said our goodbyes
I could feel my heart break
Only emptiness filled my soul
I was half not whole
But I pray you'll come back because I love you
And I want you to know I'm thinking of you
Every hour of the day baby

I'll send my love to you straight from the heart
Baby I miss you, baby I miss you
I feel you're so near though we're so far apart
Baby I miss you, baby I miss you

And if the distance keeps you from my side
It won't change my mind
I'll be waiting for you
And even though yesterday has gone
We can dream for today and believe in tomorrow

I'll send my love to you straight from the heart
Baby I miss you, baby I miss you
I feel your so near though we're so far apart
Baby I miss you, baby miss you
I'll be sending my love to you straight from the heart
Baby I miss you, baby I miss you
I feel your so near though we're so far apart
Baby I miss you, baby I miss you

You know I'm so lost...without you

Sending all my love to you straight from the heart
Baby I miss you (you know I do)
I'll be sending all my love to you straight from the heart(straight from the heart)
Baby I miss you
I'll be sending all my love to you straight from the heart (sending my love, just for you)
Baby I miss you
I'll be sending all my love to you straight from the heart
Baby I miss you
I'll be sending all my love to you straight from the heart
Baby I miss you
