

Dream Street, I Say Gt

Alright...Yeah...Alright
I know that, you know that,
I can't stop watching you

I feel it, believe me
I know you feel it to
Oh oh..yeah

There's something about me
that you don't know about
I'm someone that somehow
you seem to be without

is it so hard to see that I'm not invisible
feel like a fly on the wall

chorus
So if I get a little crazy
look a little spacy
blowin kisses your way
will you think i'm ok
set the sun on fire
scream a little higher
hold you in the moonlight
i say yeah if you say alright

I might not be special
not like your superman
but livin and lovin
well that i super-can
it's not so complicated
not reinvent the wheel
just let me know how you feel

Chorus

yeah...alright
if you say alright
alright
then i will say okay
okay
i will take your hand
and we can fly away
we can fly away
no matter where you go
you wil always here me say
yeah

ooohy...i say yeah
uh oh baby alright

Chrous
