Dream Street, It Happens Every Time

Can you hear the music playing?
Can you feel the rhythm swaying?
This is the sound of dreams come true
And I can promise you that
You are the one and only
And I'm the lost and lonely
We are the perfect dream come true
And I can promise you that I
Hear a silly love song in my heart

It happens every time
When I see you
It happens every time
When I think of you
It happens every time
Ohh it's magic when we meet
Baby, Down on Dream Street

Let me take you by the hand And walk you down the Milky Way Cause you make me feel I'm so alive Though I promise, baby I hear a silly love song in my heart

It happens every time
When I see you
It happens every time
When I think of you
It happens every time
Ohh it's magic when we meet
Baby, Down on Dream Street

(It happens every time)
Baby, It happens every time
Oh it's magic when we meet

Down on Dream Street When I close my eyes There's angels all around Singing a love song

It happens every time
When I see you
It happens every time
When I think of you
It happens every time
Ohh it's magic when we meet
Oh baby, Down on Dream Street

(It happens every time) Baby, oh, oh

It happens every time Oh it's magic when we meet Down on Dream Street
