

# Dream Theater, Night Terror

Spiders seeking shelter  
Fading with the dawn  
Vanishing at sunrise  
As morning light shines on

Sacrificial martyr  
Victim dressed in white  
Headed for the slaughter  
Angels cry for her tonight

To the cross  
At the stake  
To the lions  
On the rack I break  
I break

Night terror  
Hysteria  
Nocturnal trial by fire  
Eyes open wide but I can't see

Mind awake  
Body at rest  
Drifting through sleep transitions  
Borderland state  
Swimming through waves  
Sensory dream condition

Without warning  
I fall down the bottomless well  
Flesh is crawling  
Need to claw my way out of this hell

By the sword  
On the wheel  
Twisting in the wind  
Pierce the silence  
With a scream  
Why can't I remember anything?  
Anything?

Night terror  
Hysteria  
Nocturnal trial by fire  
Eyes open wide but I can't see

Night terror  
Hysteria  
Nocturnal trial by fire  
Eyes open wide but I can't see  
Night terror  
Hysteria  
Nocturnal trial by fire  
Eyes open wide but I can't see  
I can't see
