

Dream Theater, Take The Time (Demo Version)

Hold it now
Wait a minute
C'mon... whew...
Just let me catch my breath
I've heard the promises, I've seen the mistakes
I've had my fair share of tough breaks
I need a new voice, a new law, a new way
Take the time, reevaluate
It's time to pick up the pieces, go back to square one
I think it's time for a change

There is something that I feel
To be something that is real
I feel the heat within my mind
And craft new changes with my eyes
Giving freely wandering promises
A place with decisions I'll fashion
I won't waste another breath

You can feel the waves coming on
It's time to take the time
Let them destroy you or carry you on
It's time to take the time
You're fighting the weight of the world
But no one can save you this time
Close your eyes
You can find all you need in your mind

Unbroken spirit, obscured and disquiet
Finds clearness this trial demands
And at the end of this day sighs an anxious relief
For the fortune lies still in his hands

If there's a pensive fear, a wasted year
A man must learn to cope
If his obsession's real
Suppression that he feels must turn to hope

Life is no more assuring than love
It's time to take the time
There are no answers from voices above
It's time to take the time
You're fighting the weight of the world
And no one can save you this time
Close your eyes
You can find all you need in your mind

I close my eyes
And feel the water rise around me
Drown in the beat of time
Let my senses fall away
I can see much clearer now, I'm blind
"Ora che ho perso la vista, ci vedo di piu"

You can feel the waves coming on
It's time to take the time
Let them destroy you or carry you on
It's time to take the time
You're fighting the weight of the world
But no one can save you this time
Close your eyes
You can find all you need in your mind

Awww awww

Yeah...

Find all you need in your mind
If you take the time
Find all you need in your mind
If you take the time
