

Dream Widow, Come All Ye Unfaithful

I'm the baby on the black mass altar
I'm descendant of the jackal
I'm the sick
Heretic
I'm the child of a blaspheme mother
I'm the warning of a vengeful god
Exist to resist
Send in the parish, sinners + saints
Open your arms, salvation awaits
Let go of reason, let it begin
Open your heart to the evil within
Come all ye unfaithful
Come all ye unfaithful
Let go of reason, let it begin
Open your heart to the evil within
I'm a servant to a master calling
I'm an agent of disaster
I insist you desist
I'm assistant to the dark commander
I'm companion to the night
Anarchist a ritualist
