

# Dreams, This Is Me (Remix)

Yeah, c'mon Bad Boy Baby  
This is the remix  
Haha, you know how we do  
Dream: no no no no no non onmh  
Let's go baby c'mon  
Oh boy I'm not the one  
Who broke your heart before  
(Yeah)  
And I don't wanna  
Make you hurt anymore  
She had you pulling out  
Your hair against the wall  
But baby that's not me at all  
Whoa whoa whoa whoa

You gotta see  
Were different as can be  
She and I are not alike  
(Not alike)  
So don't compare her to me  
(Oh yeah)  
It doesn't matter  
What happened then  
(Happened then)  
In me you have  
A friend for life  
(For life)  
You should know that  
That was her and baby this is me

You get so nervous everytime  
I touch your hand  
(This is the remix)  
I'm not the others  
Who just took  
Your heart and ran  
(Let's go)  
But everytime you say  
Those things  
You make me feel so bad  
Why can't you just  
Give me a chance  
(Yeah)  
Yeah, yeah, yeah, yeah

You gotta see  
Were different as can be  
(We're two different people)  
She and I are not alike  
So don't compare her to me  
(This is me, this is me)  
It doesn't matter  
What happened then  
(Doesn't matter that was then)  
In me you have a friend for life  
(Friends for life)  
You should know that  
(Baby)  
That was her and  
Baby this is me

(Kain:)

Now understand  
When I met you  
It was love at first sight  
Deep thoughts and  
Talks the first night  
Tell her all how my past hurt life  
Comparing you to her  
Waiting for our first fight  
Because she said the  
Same things that you say  
And how love is only  
A game that fools play  
All night with her  
Friends every Tuesday  
That's why I bought you  
A cell and a two-way  
I know it's wrong and  
It makes you nauseous  
But I'm not suspicious  
I'm cautious  
And you know I want  
To love and trust you  
But it's really a lot  
To try and adjust to  
And I'm glad that  
You're on my team  
Defending when you're man  
When I fall on a scheme  
Baby you can have all my cream  
It was a nightmare  
Now it's all a dream

Boy you had your share  
You had your share  
Of people taking you  
For granted  
I know that you  
Can't stand it no more  
I will be there  
(La, la, la, la, la, la)  
When things aren't going  
The way you planned it  
(La, la, la, la, la, la)  
Don't be afraid to let go  
(Yeah, yeah, yeah, yeah, yeah)

You gotta see  
Were different as can be  
(No, no, no, no)  
She and I are not alike  
So don't compare her to me  
(Don't compare her to me)  
It doesn't matter  
What happened then  
(It won't repeat again)  
In me you have a friend for life  
(I'll always be  
Your friend, forever)  
You should know that  
That was her and  
Baby this is me
