

# Dreamscape, Alone - Panterei Part I

A crown of throne replaced my heart  
Ever since we've been apart  
She tried to turn the world arround  
Spread your wings  
You're crossing the tide  
Just like a morning dove  
Angels flying high  
I'm so alone again  
Waters calling her tonight  
Mystic circles will subside  
Diving waves of eternity  
Like a bird  
Across the sea  
Until the break of dawn  
my passenger of time  
Enslave my heart  
I'm out of touch tonight  
EMOTIONS OF THE DARK  
SHE HELD HIM IN HER ARMS  
IT'S SO UNREAL  
SHE FILES AWAY  
Her heart's been broken once before  
Rescue me, fly to the shore  
I've done all that one man can do  
I'm wide awake  
She drift away  
Just like a morning dove  
Angels flying high  
They'll never reach the shore
