Dreamtale, Memories Of Time

Time is running so fast
This moment that you live
Instantly everything is past
And you wonder where the time has gone

When you were young You thought I can do that tomorrow But in moments the years have gone You feel that you are too old, now it's too late

[Pre-Chorus:]
Live, and make true all of your dreams
When you are young
Memories are gold, when you are old

[Chorus:]
Just Memories of Time
Live forever over our lives
They will see the future
To the end of the time
This little moment that we live here
Don't let us waste it in vain
Let's sail at full speed straight on

Every single dream Is made to come true for all of us When we believe in the future And what it will bring to us

Look behind The curtain of the world You'll see how beautiful all could be If you take challenge of this wonderful life

[Pre-Chorus]

[Chorus]

[Solo]

[Pre-Chorus]

[Chorus]
