

# Dreamtale, Mirror

Time after time  
You close that door  
And say to me:  
"Can't stand no more"  
But every time  
When I'm away  
You call to me:  
"Please come and stay!"

[Chorus:]  
You know it's hard to carry on  
If you don't love me anymore  
You say you need to lean on me  
but can i too, lean on...

You want it all  
To be young and free  
Have family,  
But can't you see:  
You can't decide  
What's right or wrong  
Don't think no more,  
It's time to go!

[Chorus]

You talk me 'bout your self esteem  
How you think i've flushed it down the drain  
You know the mirror hanging at your wall?  
Take a good look in it and you'll find the real cause!

[Chorus]
