

# Dredg, Ireland (Heckler)

never leave this place  
(no), i'll never leave (this place)  
(never leave) the place that i was born  
because (beyond these town limits)  
even though i've never seen (it)  
there's really nothing else to explore  
there's nothing more, nothing more  
there's nothing more  
oohhh

(where is) your question and interest  
you don't have any questions or wonders  
why would I leave this place when I'm comfortable right here?  
everything I need and (more) isn't far from (it)

there's no telling where (we'll) be at this same time next year  
but I (do) know one thing, (it won't) be far from here

'cause i'll never leave this place  
(no) I'll never leave this place  
never leave the place that I was born

because beyond (these town limits)  
even though I've never seen (it)  
there's really nothing else to explore  
(there's nothing more, there's nothing...)  
oooh ohh
