

# Dredg, It Only Took A Day

Think we know  
Oblivious though  
Unified clones  
Sit like stones  
Up on thrones  
Of fool's gold  
Looking bold  
But all alone

Restore our needed shelter

Sitting sideways  
Something deep  
Wading water  
Pants at my knees  
Fading with growth  
Lie awake  
Buried stones  
All alone

Restore our needed shelter  
Our flawless endeavors  
To be alone  
To be alone

Sitting sideways  
Something deep  
Wading water  
Passing my knees  
Sitting sideways  
Something deep  
Wading water  
Pants at my knees  
Fading with growth  
Lie awake  
Lie awake  
Lie awake
