

Drentch, Favor

I fall in awe of you
Here at your feet I bow
I offer my, everything
to be with you
to be with you
take all I am
and make me more like you
I can't describe living for you
I can't deny all I have in you
his favor is for life
though the tears come in the night
his joy will be my light
I will not be moved
you are my life
I'll sing my praise to you
I'm found in you
I cried out to you
you heard my cry
you picked me up
you've given me new life
you've healed me
brought my soul up
from the grave
I'll sing praise and give
thanks to your name

CHORUS
