

Dresda Code, Blindness

Egyptians, Tibetans, Aborigines, Celts
American Indians, Mayans

The truth is only one
Who goes and who's gone
The nature is only one
If you destroy, there's no choice

Humans dragged into blindness
Humans dragged into blindness

How many powers we lost?
For someone that didn't have
How many cultures we lost?
The power of respect

Humans dragged into blindness
Humans dragged into blindness

Humans dragged into blindness
Humans dragged into blindness

Look through the eyes of the time
