

Drew (Of Varsity), Like I Always Do

You gave me a reason
told me that ill always be yours
you are my desire
my heart is so on fire for you
i cant stop loving you loving you oh no
because i dont wanna end up in your rearview
wanna be someone you can turn to
baby i never wanna lose you
theres nothing i wont do
so ill watch you like a movie
ill sing you like a song
read you like a story
if it takes me all night long
keep you like a secret
ill tell you like a joke
its true its true
that ill love you like i always do
love you like i always do
love you like like
you are so amazing
you stepped in and saved my life
everytime we are together
my time is yours forever
my world is all yours
i dont wanna end up in your rearview
wanna be someone you can turn to
baby i never wanna lose you
theres nothing i wont do
so ill watch you like a movie
ill sing you like a song
read you like a story
if it takes me all night long
keep you like a secret
ill tell you like a joke
its true its true
that ill love you like i always do
baby ill never leave no ill never leave you
i will watch you like a movie
ill sing you like a song
read you like a story
if it takes me all night long
keep you like a secret
ill tell you like a joke
its true its true
