

# Drew Ryan Scott, Not Okay

No way, I'm not okay  
No way, I'm not okay  
No way, I'm not okay  
I'm not okay, Not okay  
I can see your face  
Starin at your photograph  
You're the reason that I'm crying  
Cause I'm living in the past  
I can hear you breath  
But you're no longer next to me  
No more kisses, how I miss this  
Now I'm stuck with memories  
You told me something's missing  
But I didn't wanna listen  
You said you needed distance  
Baby, baby how could you leave me  
How could you just go  
No way, I'm not okay  
No way, I'm not okay  
No way, I'm not okay  
I'm not okay, Not okay [x2]  
Cause I don't wanna be alone  
I don't understand  
Cause you never let me know  
No good reasons for you leaving  
I'm not prepared to let you go  
It's gotten out of hand  
So baby stop whatcha doing, stop whatcha do  
Every minute I regret it  
There's no way to make it through  
You told me something's missing  
But I didn't wanna listen  
And now everything is different  
Baby, baby how could you leave me  
How could you just go  
No way, I'm not okay  
No way, I'm not okay  
No way, I'm not okay  
I'm not okay, Not okay [x2]  
Cause I don't wanna be alone  
How could you leave me  
How could you leave me  
How could you leave me  
Baby, baby how  
Baby, baby how could you just go  
No way, I'm not okay  
No way, I'm not okay  
No way, I'm not okay  
Not okay, Not okay [x2]  
No way, I'm not okay  
You can't leave me  
No way, I'm not okay  
Cause I can't be me  
No way, I'm not okay  
Cause I don't wanna be alone  
[Not okay, not okay]  
I lost everything when you left  
I gave everything, I gave my best  
It never was enough, never was enough  
And now you've given up, now you've given up [x2]  
I'm not okay, not okay
