

# Dri, Drown You Out

We've waited with patience  
For acceptance  
Into your lame-o stations  
You've left us no choice  
Because you won't let us  
Voice our opinions

We've got to drown you out  
Drown you out [2]

When commercial sponsors  
Decide what we hear  
Something's wrong  
How much money would they lose  
If they decided  
To choose our song?

We've got to drown you out  
Drown you out [2]

We've waited with patience  
For acceptance  
Into your lame-o stations  
You've left us no choice  
And we have got to  
Voice our opinions
