

Drist, Arterial Black

I know you can't recall anything at all
Or why we're standing here
I didn't figure out
The words that crumble
Just below your fears

This is how a mountain gathers
from the sleet to wretched shadow
This sinking ship has information that will tear us apart

Along the way we learned it's too hard
A whisper of a way to stop my heart

The things you used to say before the day
I used to care at all
You took your fingertips I caught you looking
hazing down on me

This is how a mountain gathers
from the sleet to wretched shadow
This sinking ship has information that will tear us apart

Along the way we learned it's too hard
(Too hard)
A whisper of a way to stop my heart

Along the way we learned it's too hard
(Too hard)
A whisper of a way to stop my heart

-guitar solo-

Along the way we learned it's too hard
(Too hard)
A whisper of a way to stop my heart

Along the way we learned it's too hard
(Too hard)
A whisper of a way to stop my heart
