Drive-By Truckers, Gravity's Gone

I went stumbling through the fog trying to find a reason for the things I told her She woke up sunny side down and I was still thinking I was too proud to flip her over Between the champagne hand jobs and the kissing ass by everyone involved Cocaine rich comes quick and that's why the small dicks have it all

So I'll meet you at the bottom if there really is one They always told me when you hit it you'll know it But I've been falling so long it's like gravity's gone and I'm just floating

Those little demons ain't the reasons for the bruises on your soul you've been neglecting You'll never lose your mind as long as you're heart always reminds you where you left it And don't ever let them make you feel like saying what you want is unbecoming If you were supposed to watch you're mouth all the time I doubt your eyes would be above it

Between the champagne hand jobs and the kissing ass by everyone involved What used to be is gone and what ought to be ought not to be so hard
