

Dropkick Murphys, Sunshine Highway

Yeah, me and my girl we're acting up again all right
She ain't much of a looker, she can handle her Paraldehyde
You were up all night at the Captain's Table drinking Tango and gin by the old piano
Playing cards and smoking cigars 'til the sun came up
Or was it going down for the night?

CHORUS:

Take another ride on the sunshine highway
Take another ride try to turn it around
Take another ride down the sunshine highway
Take another ride try to turn it around tonight

Drop me off, sign me in, clean me up and let me out
Man that nurse is a bitch, this sucks, she says my jug ain't allowed
I've had my share of Mt. Pleasant messiahs wearing slippers & robes, trying to bum my smoke
I'm gonna Thorazine shuffle straight out that door
Head to the farm and find me a cure

CHORUS

Tonight, yeah yeah yeah
I'm gonna make it right

CHORUS

Cause I'm gonna be the one
To take another ride, take another ride
