

# Dropline, Science Fiction

I cannot depend on gravity  
you are weightless everywhere  
so why would it come back to me  
to listen to me stare

Chorus:  
so what are you afraid of  
there's something more  
it's leaving you alone  
there's something more  
there's something more  
there's something more

I cannot believe the attitude  
and we are simply all alone  
so why would it come back to you  
to listen to me moan

[Chorus]

I was bored  
I was feeling uninspired  
it caught me  
but I am sure  
that besides this metal plate  
I am the same  
same

and I resent the attitude  
and we are simply all alone  
why would it come back to you  
listen to me moan

so what are you afraid of  
there's something more  
it's leaving you alone  
there's something more  
what are you afraid  
it's leaving you alone  
it's something more  
it's something more

yeah
