

# Dropoff, Hate And Pain

The pain  
That I feel  
Gives me nothing  
But its real  
And I hate  
The way  
That I feel  
When its real  
And I hate  
The pain  
You gave me  
You gave me

You left me alone,  
You left me astoned  
You gave nothing  
Nothing

And you want me  
To be ok with me  
But I cant say a thing  
A thing

The way  
I live  
The day  
I give  
The same  
Mistake  
The way  
I hate

You left me alone,  
You left me astoned  
You gave nothing  
Nothing

And you want me  
To be ok with me  
But I cant say a thing  
A thing

The hate and the pain  
The hate and the pain  
The hate and the pain  
The hate and the pain  
Wont it go away

The hate and the pain  
The hate and the pain  
The hate and the pain  
The hate and the pain  
Wont it go away  
Wont it go away'
