

Dropoff, Hating You

hit me once
then hit me again you bastard
lie to me
I will make you die faster
give to me your soft romancer
and I will show you the necromancer

die in me a big soul
lift me up and throw me a bone
give me your heart and I will destroy it
lie to me and I will enjoy it (repeat)

break off a leg and live with the dog
a dieing breed of your gerog
live with the pain that you give me
throw down your feet and that will feed me

die in me a big soul
lift me up and throw me a bone
give me your heart and I will destroy it
lie to me and I will enjoy it (repeat)

die
die
die
DIE!!!

die in me a big soul
lift me up and throw me a bone
give me your heart and I will destroy it
lie to me and I will enjoy it (repeat)
