

# Drowning Pool, All Over Me

Something I just might regret  
Something you will not forget  
Maybe I should throw away  
Everything I've learned today

All over me (8)

Pushing forward from the truth  
Maybe it's me and maybe it's you  
Sometimes I don't know myself  
28 years straight to hell

All over me (8)

There's something changing in me  
There's something growing in me  
There's something changing in me  
There's something growing inside of me

Go away don't want this (8)

All over me (8)

There's something changing in me  
There's something growing in me  
There's something changing in me  
There's something growing inside of me

All over me (8)
