

Drowning Pool, Pity

My life served on a plate for all of you to eat
Take my love and Hate but what is this inside of me

Chorus:

Pity me pity me don't you pity me (2)
don't you pity me
don't you pity me

Under everything something that you can't see
I can't even believe something is wrong with me

Chorus

You swear that all of this is real
but sometimes I can't seem to feel
nothing ever satisfies
one day I will realize

Am I really scared of something that I don't know
Do you even care what is really wrong

Chorus

You swear that all of this is real
but sometimes I can't seem to feel
nothing ever satisfies
one day I will realize
