

# Drowning Pool, Pity

My life served on a plate for all of you to eat  
Take my love and Hate but what is this inside of me

Chorus:

Pity me pity me don't you pity me (2)  
don't you pity me  
don't you pity me

Under everything something that you can't see  
I can't even believe something is wrong with me

Chorus

You swear that all of this is real  
but sometimes I can't seem to feel  
nothing ever satisfies  
one day I will realize

Am I really scared of something that I don't know  
Do you even care what is really wrong

Chorus

You swear that all of this is real  
but sometimes I can't seem to feel  
nothing ever satisfies  
one day I will realize
