

# Dru Hill, Holding You

Damn  
(Check it out)

I can't remember why we fell apart  
Or even how the arguments all start  
I got this crazy thought running through my head  
Mmmm, you keep insisting on convincing me that nothing's changed  
And keep on telling me I'm trippin' but it's not a game  
Cuz something's different when I'm in it, it don't feel the same  
I keep on picturing another nigga been hold-n-you

[1] - I feel somebody's been touch-n-you  
In fact I know somebody's been kissin' you  
Do you wanna tell me who's been love-n-you , love-n-you

Hold-n-you, I don't know why I been trusting you  
Only did what I'm supposed to do  
I don't know how I been such a fool for love-n-you

It never really mattered too much to me  
I guess I was too blind and I could not see  
The message in the words that I heard you say  
Hmmm, that you're unhappy and you think you need some time away  
These things just happen but I know they don't happen that way  
I try and understand because I love you  
But I keep on thinking that another nigga been hold-n-you
