

# Dru Hill, I Do

Does anybody stay together any more  
Seems like love nowadays doesn't endure ooooh  
We havent always gotten along  
But I stayed cause I always saw this day  
And I wanna say

[chorus]

Millions didn't make it (but our love)  
One of the ones that did {ooooo yeaah}  
I knew that we could make it {me and you baby}  
Please be my wife, grow [old] with me {hoooooooo}  
Millions didn't make it (but our love) {ours was a love that}  
One of the ones that did {we made it baby}  
I knew that we could make it {i want you to be}  
Please be my wife, be one with me

[verse 2: sisqo]

From the first time I saw you  
I knew that you were god's gift to me  
And I found my greater strength in you  
Cause no one in this world  
Was more precious to me than you baby

[chorus x 1/2]

[b-section]

I'm saying I do,  
I do, I do [repeat x 6]

[bridge]

I'm gonna love you forever  
Millions never made it  
But our love did
