

# Dru Hill, Nowhere Without You

Remember us from "Tell Me";  
And sleeping "In My Bed";  
We "Never Made A Promise";  
And "Five Steps";  
"April Shower"; me with love  
"So Special"; to me  
There's so much more to Dru Hill  
Than what the eye can see

We want you to know we love you  
We want you to know we need you  
Where would we be without you  
Nowhere, nowhere, nowhere

You feel it in our music  
Because of you we do this  
We're never gonna lose it  
No way, no way, no way, no way
