

Drugstore, Accelerate

This life minds me of a carrousel
Going all the way round
And we think it's well, Don't we
Even plastic horses can fall down
Hey we all will got to hit the ground
It's a funny business baby
This we can see
But I keep my eyes wide open
Even when I'm sleep
Cause we never know when death will come around
Hey we all got to hit the ground
Back: ?Accelerate?
It's a carnal hopeless baby
That's we can see
But I keep my windows open
When I sleep, Cause I never know if we will come around
Hey we all got to hit the ground
Back: ?Accelerate?
This life minds me of out
We are all got to hit the ground
Back: ?Accelerate?
And you look so pretty
Back: ?Accelerate?
All this time you bright light
Back: ?Accelerate?
Calling my name
Back: ?Accelerate?
When I falling freely
Back: ?Accelerate?
It's moving so fast
Back: ?Accelerate?
Slow down honey.
Back: ?Accelerate?
