I don't wanna hurt myself
I don't wanna stop
And I can feel my fingers freeze
Just in time
In time
I don't need no sympathy
I don't need no star
By the grace of God I won't
I won't start
No I won't start
No I don't wanna make a mess
I'm gonna let it burn
We're going to a place I know
And we won't start
No I won't start
I don't wanna hurt myself, myself, myself...
I don't wanna hurt myself
Don't wanna hurt
