

# Drugstore, Nectarine

I love your blue eyes  
I'm gonna tell you a story  
I once drove a man to his knees  
At the edge of a fall

I like your green eyes  
I'm gonna tell you a secret  
I once got so angry  
I put a whole army to sleep

Come on baby  
Do you wanna have a party?  
Do you wanna have some fun?  
Or do you just wanna...

I love your brown eyes  
Move closer  
I can remember the night  
The night

My baby red eyes  
Why are you shouting?  
I still got the knife  
That I used to get rid of that guy

Come on baby  
Do you wanna have a party?  
Do you wanna have some fun?  
Or do you just wanna...
