

# Drugstore, Saturday Sunset

We're down to the last stop  
Heading for nowhere  
With you walking round me  
Wishing things will never help

But I'm tired of places  
And saturday sunsets  
I'm tired of living  
Baby let's go back

This life never changes  
And nothing in this world is new  
You're just my sleepy baby  
And I'm looking after you
