

Drugstore, Spacegirl

Spacegirl, you had enough on this ground
Well take another deep shot
I know that life can be so cruel
We need to shake your hands and roll
Just like a freak-bell
Making such a weird sound
Well turn your radio right up

I know that life can be a pain
We need to let it all hang out, hang out
I wanna live like a spacegirl
Living like a spacegirl
I wanna live like a spacegirl

Freak-head, happy as a clean doll
Always gettikng so high
I know that life should be so good
We need to let it all hang out, hang out

I wanna live like a spacegirl
Living like a spacegirl
I wanna...
Living like...
Living like...
Living like...
