

# Drugstore, Super Glider

There's a star for everyone  
But some get lost in darkness  
When your pretty smile is gone  
When I'm looking for a  
Superglider, Superglide  
Superglider

??Life all in my dream, lay your eyes??  
??....so called hate??

All the luck you had was gone  
Tangled in a highway  
And the lights were coming down  
When I'm looking for a  
Superglider, Superglide  
Superglider

??Life always follows me, lay your eyes also green??  
??smile... so called hate??

There's a star for everyone
