

# Drugstore, What Every Girl Should Know

When you wish upon a star  
Don't tell him maybe  
Even when all you have left  
Are pretty scars  
When you need a friend to talk  
'cos his love has gone too far  
Oh but the memories  
Stay in the heart  
Stay in the heart

When the feeling's running out  
Don't tell him maybe  
Think of all the times he told you  
Not to cry  
When you need a helping hand  
When you're somewhere in the dark

Oh but the memories  
Stay in the heart  
Stay in the heart
