Drumma Boy

Hey yeah boy  
Yeah, I said what I said, hoe  
Hey yeah boy  
Yeah, I said what I said, hoe  
Hey yeah boy  
Yeah, said what I said, Luda

Ha  
Still nobody fucking with me  
Whole crew, all we do is ball like niggas stuck in the bubble wit me  
Go against me, not smart  
I'm the Grand Wizard, you want no parts  
You a scarecrow, you get no brain  
Like the tin man, you got no heart  
Cowardly lion, y'all be cowardly lying about  
All the money you make or the money you fake  
22 acres, raining money soon as you come in my gate  
Let it monsoon, where the stormtroopers?  
If stars warring, I'm George Lucas  
Don't blame me if your whore choosing, like Easy E I was born ruthless  
Attitude is on nigga rich, and driving whips off the dealership  
Fuck school, all I had to learn was reading contracts and good penmanship  
No censorship, this is real as it gets  
I'm a boss boy, you a worker  
I'm a savage dog, my catalogue'll kill all rappers in a Versus  
Luda!

Party through the roof, yeah  
They know we the truth, yeah (I ain't lying)  
She look like that ooh, yeah  
They gon' buy the two, yeah (I ain't lying)  
We be show them truths, yeah  
Got it in my roots, yeah (I ain't lying)  
We gon' show it or lose it, yeah  
End up in the news, yeah (I ain't lying)

It's the champagne popping ass  
Impala hopping ass Mexicana bitch 'bout to pop shit  
Por si no sabian esta mami, go from speaking Spanish  
Hasta barras en Ingles, I give you options  
I'm up in this bitch, I got the whip and bitches topless  
Got it on my own, I know the margins and the profits  
I listened to "Tell It How It Is" and this shit's obvious  
It's ludicrous how much money I got up in my pockets  
But I got me some haters, I'll get to 'em later  
I'm up in Colombia, buying apartments in Grenada  
Everywhere I go I take my flag and I wave it  
Signed myself to myself and now I only talk in acres  
I'm a big bag getter, bad bitch breaker-offer  
Big talker but I bet I bet on everything I talk about  
I'm a looker like my mother and a fighter like my father  
And all my cousins out here looking like an episode of "Locked Up"  
If I said it then I meant it  
Bitch I keep it one hunnid so I'm checking your percentage  
If I want it then I get it  
No cosign, real bad bitches build they own credit  
If I said it then I meant it  
Bitch I keep it one hunnid so I'm checking your percentage  
If I want it then I get it  
No cosign, real bad bitches build they own credit
