

# Dry Cell, Last Time (Rock Version)

They say it's true  
Something's not right  
They laugh at you  
Hurting all the time and you just don't know why  
Destined to lose  
It's not right  
What can you do  
All you do is fight and you're losing your insight

It's alright  
It's okay  
You're never far away  
It's so real  
It's so right  
This is the last time

It's alright  
It's okay  
You're never far away  
It's so real  
It's so right  
This is the last, Time  
Hurting all the time  
And you just don't know why, don't know why, don't know why

Who made this true  
its not right  
You make it through  
Hurting all the time  
And you just don't know why  
They don't know you  
Not inside  
They have issues  
Fighting all the time  
made them lose their insight

It's alright  
It's okay  
You're never far away  
It's so real  
It's so right  
This is the last time

It's alright  
It's okay  
You're never far away  
It's so real  
It's so right  
This is the last time

This Could Be The Last Time

This Could Be The Last Time

The Last Time

So fall, asleep  
Be peaceful as you lay  
Forget about the world  
You're going to be okay

It's alright  
It's okay  
You're never far away

It's so real  
It's so right  
This is the last time

It's alright  
It's okay  
You're never far away  
It's so real  
It's so right  
This is the last time

Fighting All the time and you just don't know why, this could be the last time

Hurting All the time and you just don't know why, this could be the last time

fighting all the time, could the last time

They say it's true  
Something's not right  
They laugh at you  
Hurting all the time and you just don't know why
