

Dry Cell, Slip Away (Original Version)

day
after day
will this ever change
want to slip away
do you
think
what I give
is so hard to
live a wish
iv'e done great

Are you
So far gone
Every time it starts I try to slip away
So far gone
Every time it starts I try to slip away

and if I could find a way
to be out of here i'd go
I would live this so called home

plus lagen streets
walking on my knees
wifes fantasys

do you
know what it takes to get
through this race of sick
love sick life
love you

So far gone
Every time it starts I try to slip away
So far gone
Every time it starts

and I could find a way
to be out of here i'd go
I would leave this so called home

as im laying here awake
wondering how it all went wrong
find the strength to carry on

I don't understand this world that we are living in
People give you things so they can take them back again
I don't want to be part of history
I just want my life to be the way that it should be
Every now and then I find a way to slip away
Cuz every now and then there's only so much I can take
If I find a way I would leave today

So far gone
Every time it starts I try to slip away
So far gone
Every time it starts
