

# DSDS, Fly Alone

Here we stand alone with all alone  
Here we stand with all our hearts  
And every moment  
We can't believe our feelings  
Is it just a dream  
Right the start  
Here we stand outside till worlds collide  
Here we stand we're feeling strong  
And every moment here we share the feelings  
And all we know  
We can't go wrong  
Refrain  
Learn to fly alone  
From here to our Heaven  
Learn to fly alone  
With all of my hearts  
Learn to fly alone  
Our heart is just a whole  
Will they know our hearts survive  
Here we stand so lonely in this world  
Here we stand, now it's our time  
And every moment were feeling the emotions  
It's a chance  
It's so hard to find  
Refrain  
Learn to fly alone  
From here to our Heaven  
Learn to fly alone  
With all of my hearts  
Learn to fly alone  
Our heart is just a whole  
Will we know our hearts survive  
Learn to fly alone  
From here to our Heaven  
Learn to fly alone  
With all of my hearts  
Learn to fly alone  
Our heart is just a whole  
And we know our hearts survive
