

# Dua Lipa, Between a Bullet and a Heartbreak

You don't know what you've lost 'til it's gone  
You can't hear the silence up to this lung  
You can't tie heartstrings when they're left undone  
You can't go back when you've left too long  
I tried to push us to the very end  
I needed a lover more than a friend  
But I hit the limit I didn't intend  
And I just wanna make amends

Wish that you would hold on, hold on, hold on, hold onto me  
Hold on, hold on, hold on, hold onto me  
Hold on, hold on, hold on, hold onto me now, yeah

I put myself between a bullet and a heartbreak  
And now I'm staring at the emptiness that I've made  
I put myself between a bullet and a heartbreak  
And all I wanted was you but I shot love down, down, down  
Down, down, down, down

In the darkness, I hear your voice  
Memories of us I feel destroyed  
My mind is playing tricks and I have no choice  
Without you, my heart makes no noise

Wish that you would hold on, hold on, hold on, hold onto me  
Hold on, hold on, hold on, hold onto me  
Hold on, hold on, hold on, hold onto me now, yeah

I put myself between a bullet and a heartbreak  
And now I'm staring at the emptiness that I've made  
I put myself between a bullet and a heartbreak  
And all I wanted was you but I shot love down, down, down  
Down, down, down, down

All I needed was you  
All I wanted was you  
All I needed was you

I put myself between a bullet and a heartbreak  
And now I'm staring at the emptiness that I've made  
I put myself between a bullet and a heartbreak  
And all I wanted was you but I shot love down, down, down  
Down, down, down, down
