Dua Lipa, Last Dance

Fatal, this attraction, Yeah we might just end up crashin' But I'm ready if it happens with you Meet me out in Cali when I'm far away from family, and I need someone to hold onto

You're the only thing I know and I don't wanna let this go Close to you are I feel, feel like I'm at home Can't wait till we're alone

We were built to last We were built like that Baby take my hand Tighten this romance We could burn and crash We could take a chance Holdin' nothing back Like it's our LAST DANCE! Like it's our LAST DANCE! Like it's our LAST DANCE!

My eyes wide open, fallin' in and out of focus Pressure flowin' like a river in my head Crying you ain't with me and it's floodin' the whole city While my soul's burning like a cigarette

You're the only thing I know And I don't wanna let this go Close to you are I feel, feel like I'm at home Can't wait till we're alone

We were built to last We were built like that Baby take my hand Tighten this romance We could burn and crash We could take a chance Holdin' nothin' back Like it's our LAST DANCE!

Like it's our LAST DANCE! Like it's our LAST DANCE! Like it's our LAST DANCE! Like it's our LAST DANCE!

Way too soon I feel so strong, Way too young to hurt so long, I'm hurtin' Was it worth it?

Way too soon I feel so strong, Way too young to hurt so long, I'm hurtin' Was it worth it?

Like it's our LAST DANCE! Like it's our LAST DANCE! Like it's our LAST DANCE!

All for love All for love
