

# Dub War, Love Is

so what you got 2 give  
this is what you made it  
i'm stepping from this trip  
no more do i need it  
sharks and there's fishes in the sea  
i don't want no other fish  
there's only one for me yeh  
love is here no  
love is here  
love is  
love is here no  
love is here  
dearly beloved  
we're gathered here today  
don't pay no notice  
to what i have to say  
laying in the bed of roses  
torn apart by thorns  
watching angel's halo's  
love is here no  
love is here  
love is  
love is here no  
love is here  
original  
well if all dat ah want you want  
denner dat you ago get  
you no experience dis ah one yet  
search no more don't bother  
worry or fret  
coz dis is something dat ya bound for forget  
head spit in to nuff scars of war  
take me out equal the score  
buzzing like the trampoline  
go check the grass it ain't no greener  
the more you fly  
the more you crawl  
got my back up against the wall  
harsh words are said in anger  
what don't kill me make me stronger
