

Dub War, Mad Zone

I am a patient
An you are a doctor
Then I am a disease
An you are a cure
But you are as Ice
And i am like fire
You say your the truth
But I know you're a liar
You see I'm a saint
An you are a sinner
If you got a song
I won't be the singer
Your living in darkness
Cause you ain't seen the light
You're talking love and peace
But all you wanna do is fight
Mad zone mad zone mad zone
Leave me alone i wona be in a
Mad zone
Mad zone mad zone mad zone
Leave me alone i wona be in a mad zone
If you are the judge
Then where is the jury
You tell me to be calm
Well you scream in a fury
