

Dub War, Prisoner

take it easy
easy
inside the prison is where we resign
we got it right dat's why we're serving this time
let us out now and again
so dat we don't go too insane
i'll survive, i'll get by, i don't know why
life inside this cell
prisoner who's the prisoner
i'm your prisoner
you're my prisoner
i'm sick of seeing your face
i'd take it an exit from out this place
but when i think of breaking out
i remember this without a doubt
trying stay alive 247 365
trying stay alive 247 365
trying stay alive 247 365
trying stay alive 247 365
prisoner, i'm your prisoner
she's my prisoner
i'm your prisoner
paupers and pleasants stay at the back of the queue
but those with cash money rush and come through
paupers and pleasants stay at the back of the queue
but those with cash money rush and come through
as we drive along inside this cell
i cannot stand this smell
the want to wash scrapes through my skin
dreadlocks growing on my chin
i'll survive i'll survive
and i'll get by
casulties of war
prisoner who's the prisoner
i'm your prisoner
i'm the prisoner
