

Dubstar, Elizabeth Taylor And Richard Burton

It's been two years and eleven months
Since the first time you came around
And left alone in the days without
You lying here and me sneaking you out
It's not like I hang around waiting
I don't even start to feel lonely
But when the weather turns to gray
We're back together on those rainy days

That's why Elizabeth Taylor
And Richard Burton
It's me and you
Me and you
Elizabeth Taylor
And Richard Burton
The lovers knew
That the feeling's through today

Nobody knows about our special times
We're stealing hearts and we're making plans
It's not like I hang around waiting
Oh, I've never even thought to ask
If you've been thinking what I think we know
The time has come to let our feelings show

Because Elizabeth Taylor
And Richard Burton
It's me and you
Me and you
Elizabeth Taylor
And Richard Burton
The lovers knew
That the feeling's through today

Elizabeth Taylor
And Richard Burton
It's me and you
Me and you
Elizabeth Taylor
And Richard Burton
It's me and you
Me and you
Elizabeth Taylor
And Richard Burton
It's me and you
Me and you
Elizabeth Taylor
And Richard Burton
The lovers knew
That the feeling's through today
