

# Dubstar, I'm Conscious Of Myself

I'm conscious of myself  
Of my health  
When I'm visiting friends  
I'm conscious of myself  
Of my wealth  
When I've nothing to spend  
I'm conscious of myself  
When I'm sad  
And I've nothing to say  
I'm conscious of myself  
Being bad  
In a juvenile way  
I'm conscious of myself  
Gaining weight  
Eating food that I like  
I'm conscious of myself  
Feeling hate  
For the models I like  
I'm conscious of myself  
Growing old  
Growing baggage to move  
I'm conscious of myself  
Getting cold  
Lost the love I could prove

So I take Vic pills  
Contraception, gin calls  
Visits to health clubs  
No more nights in boy's books  
Counseling  
Cooking  
Dinner party booking  
Don't you just love my ass?

I'm conscious of myself  
On the shelf  
Got no man in my life  
I'm conscious of myself  
Check yourself  
I'm your fantasy wife  
I'm conscious of myself  
Bad breath  
It's garlic today  
I'm conscious of myself  
Nearer death  
With the passing of the days  
I'm conscious of myself  
Near you  
Your confidence is strong  
I'm conscious of myself  
Me too  
But I get it all wrong  
I'm conscious of myself  
In bed  
Do you like it this way?  
I'm conscious of myself  
Dead head  
Knowing what you won't say

So I take Vic pills  
Contraception, gin calls  
Visits to health clubs  
No more nights in boy's books  
Counseling

Cooking  
Dinner party bookings  
Don't you just love my ass?

So I want blue eyes  
Breast enlargements  
Firm thighs  
Chocolate milkshakes  
No more diet headaches  
Sexual branding  
More than understanding  
Don't you just love my ass?

So I take Vic pills  
Contraception, gin calls  
Visits to health clubs  
No more nights in boy's books  
Counseling  
Cooking  
Dinner party bookings  
Won't you please love my ass?

I'm conscious of myself  
I'm conscious of myself  
I'm conscious of myself
